## Organization Biography:

Human Capital Solutions was founded in 2008. It has a mission to become the global thought leader on visible physical disabilities and related social issues, and be the catalyst for positive change to enhance the lives of people living with visible physical disabilities and those around them, and empower them to take charge of their lives and own circumstances regardless of their perceived limitations.

Human Capital Solutions has a particularly strong committed focus towards the youth of the world as they will be the future leaders.

## Currently Human Capital Solutions:

- assists people to attain their ideal lives through a growing international movement that promotes health & well being
- addresses various audiences using personal life experiences to motivate & inspire them to take actions toward success
- runs social media seminars/workshops to show how various platforms can enhance personal brand & international presence
- provides small to medium sized businesses in Ontario with solutions to their accessibility issues & concerns.

The founder of Human Capital Solutions has sought to make the world a better place for all, as a “Social Currency Millionaire”, meaning he has a lot to offer personally and continues to do so every day.

In the near future, Human Capital Solutions & its’ founder will be featured in a documentary, blog articles & a few international publications as well as a pictorial project showing the two sides of professionals with visible physical disabilities.

We look forward to collaborating with you to empower the world!

“Empowering You  
To Empower  
Yourself!”
